9852224926

6 months of experience in Web Development, specially in MERN stack in doing various projects of my own. I learnt everything from scratch on my own and built some advance level projects which shows my passion to learn technologies fast and implement them to build real life scalable applications that deliver value. And yes, I can speak good English and convince people by influencing them.

Education

Indira Gandhi National Open University, Patna   **R. N. Public School, Chapra, Bihar**
Bachelor in Computer Applications, 2020-2023   Intermediate, 2017-2020
Grade : 60% +   Grade: 68% +

Projects Done

Batcheet – A Real Time Chatting Application (2022)
Features : Session Login/Logout, Search Users using AJAX, Real-Time Chat
Tech Skills Used : HTML, CSS, JavaScript, PHP, MySQL, AJAX
